

LARGE ORDERS

Throw your own pizza party!
We deliver to door and desk!

We can deliver our massive 22" pies to your door at a time that suits you, making feeding the masses as easy as...well...pie.

We recommend that one 22" pie feeds four people, giving them two slices each. Remember, our slices are BIG.

To qualify as a large order, you must meet a minimum order of four pizzas. If your order is smaller than that find us on Deliveroo, who deliver our 12" pies.

When it comes to toppings we can do half-and-half pizzas too, so if variety is your thing just let us know!

We only want to deliver you the best product possible, therefore there are limits to how far we can deliver to from our Dalston, Shoreditch & Peckham sites. We will only accept your order if we feel we can deliver pizza at its best.

To place your order please email us at orders@voodoorays.com.
One of our team will be in touch to confirm your order as soon as possible.
